

ADVISORY BOARD

PREET SAINI

Preet Saini is a technology veteran who oversaw quality of software products generating over \$400M revenue at GoDaddy.com. These software products help small businesses get online and setup their e-commerce websites.

He runs a few small businesses himself. He is a franchisee of multi-unit, national chains in beauty and restaurant industry. Preet has Master's degree in Computer Science from University of Southern California and MBA from University of Arizona.

Preet is involved in community by educating youth in real world economics and finances through programs like Junior Achievement, and helps foster kids youth prepare for jobs through programs like OCJ-Kids. He routinely engages himself in yoga, hiking, back-packing, and soccer. He lives in Phoenix with his wife and two kids.
